

Technology Consulting Co.

Industry: Consulting

Employees: 8,000+

Tech Co's rapid global growth demanded a fundamentally different type of HR leader to fuel their continued success.

The Challenge

Tech Co.'s evolution into a powerhouse advisory and consulting company created higher standards for their senior HR leaders.

Their future HR leaders needed to know the business better, build talent faster and influence leaders more effectively. They had to thrive in a culture that placed a high value on results and none on bureaucracy. Success would require deep functional expertise delivered with a light touch.

The Roles

Tech Co. wanted to fill two Center of Excellence roles and two senior HR Business Partner roles.

- 👤 Head of Talent Management
- 👤 Executive Business Partner 1
- 👤 Head of Learning
- 👤 Executive Business Partner 2
